

Vodafone Station Fiber (Sercomm RHG3006)

Change of Wi-Fi channels

- Enter the address <http://vodafone.station/> into the internet browser.
- You can switch language settings at the bottom of the page.
- Enter vodafone as the username.
- Enter the password indicated **on the label** on the side of the modem and click the **Login button**.

- Now you need to click on the **Basic mode** roller in the upper right corner and switch to **Expert mode**.
- In the top bar, select **Wi-Fi**.
- Now click on **Settings** in the left menu.

- At this moment, you can set the broadcast channel separately for 2.4GHz and 5GHz network.
- Confirm the change by clicking the **Apply button**.
- Channels will be changed within a maximum of 2 minutes.

2,4 GHz
