# ZTE MF255v PIN Code Settings

- We log in to the ZTE MF 255 V modem in the same way as to modems from other brands.
- But first we need to be logged in to the Wi-Fi modem.
- We'll show you how to do it in this guide.

We click on the available connections on our computer and find the Wi-Fi name of the modem according to the label on the modem.

- We can find the Wi-Fi login information from the bottom of the label.

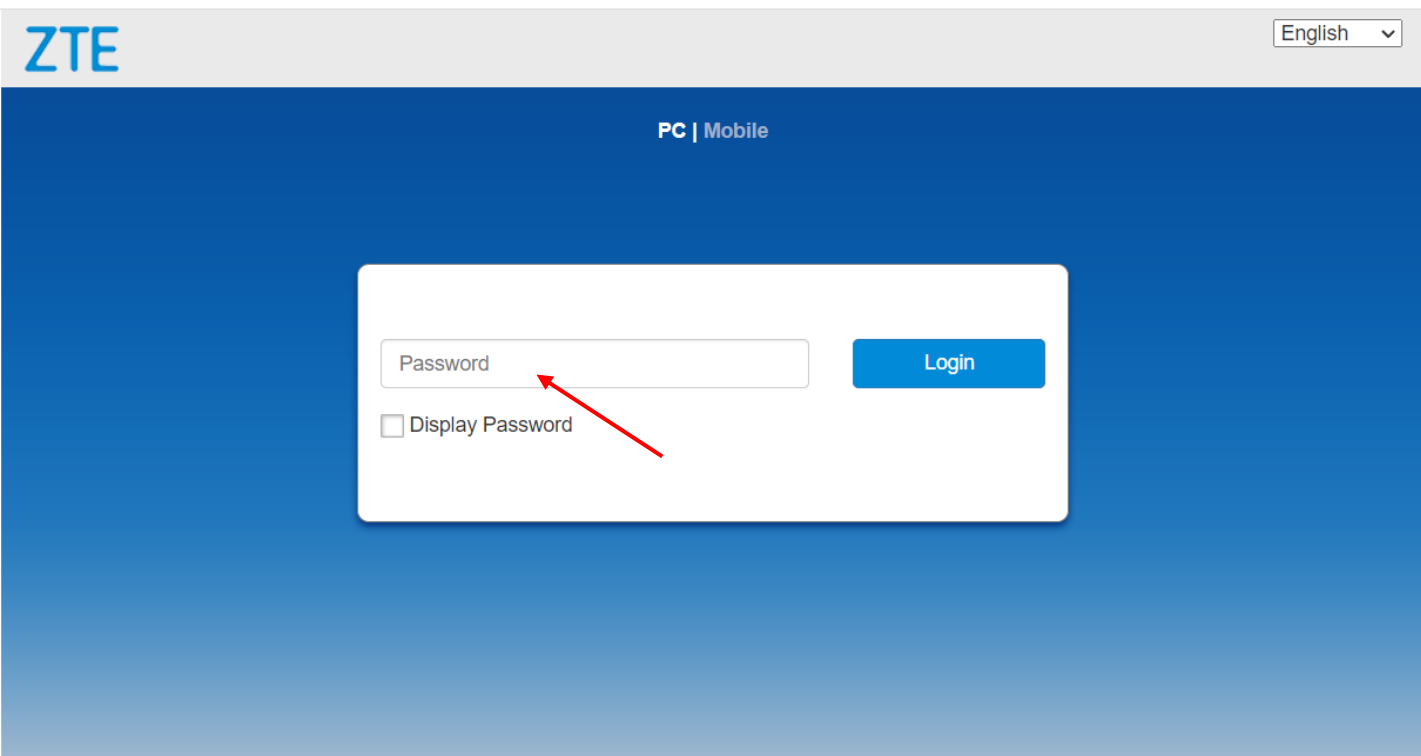

Wi-Fi name

Wi-Fi password

- We open any browser (in which we search for websites) and enter the link to the page 192.168.0.1

192.168.0.1

In the upper half of the google window that is used, we enter this address or click on the address in the top line.
